

Meeting Notes

Tuesday, September 20th, 2022

- competition.md : completed competition.md
- process.md: basically completed but need to check the marking scheme to make sure
- done.md: finished done.md
- UX/UI: completed mockups for iPhone but need to change to the website
- personas.pdf: need to update personas to reflect the change from mobile app to the website
- PB.md: all stories and some CoS completed. Rest to be completed by Thursday
- Summary.md: done.
- README.md: In progress need to do setup

Thursday, September 22nd, 2022

- PB.md : all stories and CoS completed
- UX/UI: switched the mockups from iPhone to the website, images pushed to the repo
- Worked on the setup. Have everything but the connection to the database.

Friday, September 23rd, 2022

- Writing data: Had an issue with the network access, added all IP addresses and the universal IP address(I mean the 0.0... thing) Also fix the port 5000 for Mac users, solution: remove Airplay in settings
- Checked to make sure everything is done.
